

COIL CARS & COIL STAGING

COLT SCISSOR COIL CARS

6,000 to 25,000 lb coils.
Increased travel range to
Mandrel.

COLT UPENDERS

Change position of 6,000 lb to
60,000 lb Coils.
90 degrees from vertical to
horizontal, and ready to load.

COLT TURNSTILES

For frequent coil change
environments. Stage up to three
20,000 lb coils ready to load.

**“THE FINEST COIL
PROCESSING
EQUIPMENT AND
TECHNOLOGY”**

COIL CARS · UPENDERS · TURNSTILES
**REDUCE COIL CHANGE TIMES,
KEEPING THE DOWNTIME OF
THE PRESS FEEDING
CYCLE TO A MINIMUM**

COLT Hydraulic Coil Cars

Self Contained, separate Hydraulic
Power Pack for raising, lowering and
reverse motion for accurate position of
the coil on the Mandrel.

COIL Staging Benefits:

- Decrease your Press Feeding Cycle time
- Changeout coils faster
- No need to rely on equipment or resources that are not always available
- Reduce coil damage

COLT Specializes in:

- Light, medium and heavy-duty single and double uncoilers
- Heavy-duty coil cars and traveling coil car combinations
- Coil Upenders with traveling uncoilers
- Cradle Straightener combinations
- Powered light, medium, and heavy-duty Straightener combinations
- Electronic roll feeders and roll feeder Straightener combinations
- Space Saver feed line combinations
